

## TECHNICAL SPECIFICATIONS

### 1. MoC(Material of composition)

(i) LLDPE with PU reinforcement (Linear low density Poly ethylene with Poly Urethanes reinforcement)

(ii) Plastic Polypropylene

### 2. Dimensions

Length 1200mm

Width 1000mm

Height 150mm

### 3. Loading Capacity

Dynamic load 1000 - 1250kg

Static load 2000 - 3000kg

Racking load 500kg

### 4. Average weight

11000 – 14500gms (11 – 14.5 kg)

### 5. Special Features

Non reversible with 3 runners, 2ways and flat deck.
