

TECHNICAL SPECIFICATIONS

1. MOC(Material of composition)

(i) LLDPE with PU reinforcement (Linear low density Poly ethylene with Poly Urethanes reinforcement)

(ii) Plastic Polypropylene

2. Dimensions

Length 1200mm

Width 1000mm

Height 150mm – 160 mm

3. Loading Capacity

Dynamic load 1000 - 1250kg

Static load 2000 - 2500kg

4. Average weight

13000 – 14000gms (13 – 14 kg)

5. Special Features

Non reversible with 9 leg, 4way entry and flat deck.
